## Summary

Detail-oriented Computer Science and Engineering student with strong fundamentals in C, Java, Python, relational databases, and web technologies. Experienced in developing web applications, working with REST APIs, and digital workflow optimization. An analytical problem-solver focused on practical software development and continuous learning, seeking a software development internship at Gateway Software Solutions, Chennai.

## Skills

**Languages:** Java, Python, C, C++  
**Web Technologies:** HTML, CSS, REST APIs  
**Databases & Tools:** MySQL, Git, GitHub, Microsoft 365  
**UI & Graphic Design:** Figma, Canva, Adobe Creative Cloud  
**Core CS:** Object-Oriented Programming (OOP), Data Structures & Algorithms, Database Management Systems (DBMS), Operating Systems, Software Engineering

## Projects

**Leave Approval System** *Academic Project*  
*Java, MySQL, HTML, CSS, REST APIs*

- Built a full-stack web application designed to automate employee leave requests, approval flows, and leave balance tracking.
- Implemented secure authentication and role-based access control for employees and managers.
- Developed RESTful APIs and engineered a responsive user interface to streamline organizational workflow efficiency.

**Carry – Hotel Essentials Ordering Web Application** *Personal Project*  
*Python, Web Technologies, MySQL*

- Developed a web application enabling hotels to streamline orders for essential operational supplies including carry bags, sheets, rolls, and cups.
- Structured distinct user and administrator workflows with a dedicated route for order processing and inventory views.
- Designed responsive UI layouts focused on smooth navigation and business-oriented order management.

## Experience

**DBSol Technologies Pvt. Ltd.** *Chennai, TN*  
*Technical Intern* *Jun 2025 – Jul 2025*

- Supported enterprise workplace operations using Microsoft 365 applications including Word, Excel, PowerPoint, and Teams.
- Managed documents, spreadsheets, and reporting workflows while collaborating across teams to improve digital productivity.
- Gained practical exposure to professional software environments, communication standards, and team-based task execution.

**Client Projects (Freelance)** *Chennai, TN*  
*Digital Content Creator & Designer*

- Designed social media graphics, posters, and UI assets for small business clients using Figma and Adobe Creative Cloud.
- Collaborated directly with clients to understand branding requirements, delivering project assets within defined schedules.

## Education

**Prince Shri Venkateshwara Padmavathy Engineering College** *Chennai, TN*  
*Bachelor of Engineering (B.E.) – Computer Science & Engineering* *2023 – 2027*

Current UG CGPA: 7.5

**St Pius X Matriculation Higher Secondary School** *Chennai, TN*  
*Higher Secondary Certificate (Class XII)* *2022 – 2023*

Percentage: 80%

## Certifications

- Apache Spark – Databricks
- Hadoop 101 – IBM
